

SECURI-GUARD
MONITORING SERVICES

“We have found Securi-Guard to be proactive in their approach and have found them also willing to offer service recommendations to ourselves and our customers.”

PAUL STEWART, OPERATIONS DIRECTOR, ALARMAFAST SUPERVISION

www.securi-guardmonitoring.co.uk

Why Securi-Guard?

Securi-Guard has been established since 1982 and is one of the largest independent alarm monitoring businesses in the country. At Securi-Guard Monitoring we pride ourselves on the professional, friendly and high quality service our clients enjoy today. We understand that if your customers are happy then so are you.

Our approachable service, along with our dedication to training and development means Securi-Guard Monitoring go above and beyond the industry standards.

Securi-Guard Monitoring boast an array of different services and serve numerous different sectors and business sizes from small companies to multi-national corporations, Securi-Guard are flexible to your requirements.

Not only does our service stand out from the rest, we also provide:

- Free remote access using Guard-Net. This system allows our installers and their engineers to securely log in and manage their sites.
 - Users are able to make key holding changes, set up schedules, view areas and transmitters, check site logs, run reports and place systems on test without the need to pick up the phone.
 - Free remote resets
 - Free EPROM service
 - WAP technology for engineers (Smartphone)
 - IP Solutions
 - State of the art technology
- Industry Standards:
- NSI Gold Alarm Receiving Centre (intruder and fire)
 - NSI Gold BS 8418 Remote Video Response Centre (CCTV)
 - NSI Gold Systems Operating Centre (Vehicle tracking/monitoring)
 - Thatcham Approved CAT5 (SOC)
 - All Securi-Guard Monitoring services are operated from the companies NSI Gold Alarm Receiving Centre (ARC) 24 hours a day, 365 days of the year. This centre is also an NSI Gold accredited Remote Video Response Centre (RRVRC), Systems Operating Centre (SOC) and NSI Gold BS 8484 Lone Worker Monitoring Centre.

As an independent company, if you cannot find the service you are seeking or we do not offer the service you are looking for, we are happy to discuss your individual needs to deliver your exact requirements.
